

AAA Emergency Tree Service, LLC is now part of the Philanthropic Business Network and currently donates 10% of its' total sales to Love Outreach Ministries which in southern India supports an orphanage, a school and in two leprosy colonies healthcare. In service of this ministry, we put extra effort into our work. We seek to exceed the expectations of our clients. In recognition of the extra effort made on your behalf we would like to encourage you to increase the dollar amount going to Love Outreach Ministries to an amount that represents the extra value that you feel you received. 100% of all money raised goes to this very worthy organization - making a big difference to people in need. Twenty five dollars for example will completely take care of one child for one month including an education.

When doing business with AAA Emergency Tree Service, LLC, upon completion of our work, please write checks:

- 1) 90% to AAA Emergency Tree Service, LLC and
- 2) 10% to Love Outreach Ministries.

A short time after your donation is processed by the charity they will send you a thank you note and tax deductible receipt.

Our main focus currently is to support Love Outreach Ministries. If for any reason you would like to discuss another organization that we support please contact us and we would be happy to discuss other options with you.

For more information about the Philanthropic Business Network and how it works and the charity - Love Outreach Ministries, or our business - AAA Emergency Tree Service, LLC please visit:
